

# DECISIONS, DECISIONS.

Making Informed Health Care Choices.

## Seven Weekly Sessions

#### OFFERED IN YOUR CHOICE OF DATES:

You can register for Series A (Tuesdays) or Series B (Thursdays) depending on which series is most convenient for you (see dates below). Both series include all seven sessions.

#### Session 1:

• WHAT'S MY RISK? WHAT ARE MY OPTIONS? Evaluating your personal health risks and making good decisions.

#### Session 2:

• FOUNTAINS OF YOUTH?

Hormonal treatments for menopause, andropause (men), and somatopause (metabolic slowdown).

#### Session 3:

• CASE STUDY #1: PROSTATE CANCER Making decisions about screening and treatment.

#### Session 4:

• CASE STUDY #2: BREAST CANCER
Making decisions about screening and treatment.

#### Sacrion 5

• WHO PUTS THE "CONVENTION" IN CONVENTIONAL WISDOM?

A discussion of where medical advice comes from as well as how clinical research is performed and evaluated.

#### Session 6:

Hot Issues: Diabetes, Diet,
 & Bariatric Surgery

The latest on diabetes and strategies for weight control.

#### Session 7:

• Is MORE HEALTH CARE BETTER HEALTH CARE? The relationship between the individual and society in health care today.
