Let's stay connected...
March was an amazing month for the women of MSB, as evidenced by the KUDOS below to Beatriz, Lizzie and Cagney. Addie Tousley (Yeh lab) presented her compelling thesis research on the effects of alcohol exposure on brain development and Emma Spikol (Halpern lab) gave a great talk at Dartmouth’s Neuroscience Day, which was held in person again with over 100 attendees. We are so proud of all of our MSB superstars!
Congratulations to Beatriz Mercado of the Kasper lab who was awarded an NSF Graduate Fellowship.

Congratulations Lizzy Stevenson of the Dunlap lab who was awarded an NIH Predoctoral Fellowship

Cagney Coomer PhD of the Halpern lab returned to Bluegrass Community & Technical College, in Lexington, KY as a special guest speaker (“Talk Nerdy to Me”) on her outreach and research activities.
GRADUATE STUDENT APPRECIATION WEEK, April 3-8

Each year we celebrate the efforts and achievements of the graduate students in the community, and show our appreciation for them and the contributions they make to the Dartmouth community. There are a number of events being planned for this week -- if you know a graduate student, this is the week to go out of your way to show your appreciation!
GRADUATE STUDENT APPRECIATION WEEK
APRIL 3-8, 2023

PhD trainees in MSB labs are invited to attend the following events:

Monday, April 3, 2023, Breakfast treats
Lebanon campus: Atrium, Rubin 6
Hanover campus: Vail 513

Tuesday, April 4, 2023, Lunch with the Chair, Noon, Auditorium C- DHMC

Wednesday, April 5, 2023, Make your own ice cream sundae, 3:30 PM, Vail 513

Events being hosted by Guarini School of Graduate and Advanced Studies can be found here.

We look forward to celebrating YOU!

UPCOMING MSB SEMINARS

April 3
Dr. Amelia Gallitano, University of Arizona at Phoenix, Chilcott Auditorium, Noon

April 17
Dr. Gavin Rumbaugh, University of Florida
Chilcott Auditorium, Noon

April 24
Dr. Marianthi Papakosta, Head of In Vitro NeuroInflammation in the Cell Protection Unit
Takeda Pharmaceuticals, San Diego
DH, Auditorium G, Noon
SAVE THE DATE

Identifying Convergent Mechanisms in Zebrafish Mutants of Autism Risk Genes

Dr. Ellen Hoffman MD, PhD
Associate Professor
Yale Child Study Center
Yale University School of Medicine
MSB Research Symposium

Monday, May 1st, 2023
9:00 a.m. – 3:00 p.m.

Kellogg 200

Welcome: Dr. Marnie Halpern

Keynote: Dr. Clifford Tabin
Professor of Genetics, Harvard Medical School

Dr. Emma Spikol (Halpern lab)
Defining connectivity with the habenulo-interpeduncular pathway

Steven Tau (Miller lab)
Targeting metabolic vulnerabilities of ER+ breast cancer persistence.

Dr. Britton Goodale (Leach lab)
Exploring cellular heterogeneity and effects of arsenic exposure in zebrafish with single-cell sequencing

Raven Bennett (MD Candidate), 2022 Tenney Fellow
Characterizing the skin microbiome in dermatomyositis

Kate Salotto (MD Candidate), 2022 Tenney Fellow
AAV Tropism for Peripheral Nervous System Tissue

LUNCH WILL BE PROVIDED

OTHER EVENTS
Research Computing @ITC & the Library are excited to offer a series of workshops to help support research and learning at Dartmouth. Please click here for free registration, details, and up-to-date information. Bookmark all our classes. Sign up to our mailing list and never miss a thing!

Guarini School graduate students are thrilled to announce Science Day at Dartmouth will return on Saturday, April 8 from 10:00 a.m. - 3:00 p.m. at the Life Sciences Center. We are looking for volunteers to lead activities and help with the entirely volunteer-run event.

Please sign up at the link: https://forms.gle/yKVSHHPYyuXLB8f6

For more information, visit the Science Day website: https://academic-outreach.dartmouth.edu/programs/science-day
RECIPE OF THE MONTH
Super supper salad loaf, Truly Upsetting Vintage Recipes

If you want to be happy when company comes...then don’t make this.

However, there’s nothing saying you can’t change that intention.

Just remember, treat gelatin as the workhorse it is!
Employee COVID-19 Resources

- Face masks and take-home rapid antigen tests continue to be available to faculty, staff, and students at pick-up locations across campus.
- COVID-19 tests are also available through local testing resources listed on the state health department websites for New Hampshire and Vermont.

For instruction on testing, isolation, or quarantine, students should contact Dartmouth College Health Services and employees should contact Axiom Medical at 833-408-1338.

If you have questions, please reach out to the COVID-19 response team at Covid-19.info@dartmouth.edu.
