

Medical School Mentoring

Session 4: Medical School Admissions Meet & Greet

Presented by: The NH-INBRE Alumni Network

February 25th, 2025

About NH-INBRE

- New Hampshire IDeA Network of Biomedical Research Excellence (NH-INBRE)
- Funded by the NIH to enhance biomedical research & training in NH
- Supports research and student development at partner institutions
- Provides mentoring and networking opportunities for students in STEM fields

Medical School Mentoring Program

- Launched in 2023 to support pre-med students at NH-INBRE partner schools
- Offers guidance on medical school applications, MCAT prep, and career paths
- Mentors include INBRE alumni and medical students from partner institutions
- Sessions cover key topics like admissions, school selection, and gap years
- *Now expanded to include INBRE partner schools in New England*

Meet Aileen Panitz, MEd

- Admissions Director at Dartmouth Geisel School of Medicine
- Member of the American Medical College Application Service (AMCAS) Advisory Committee
- Here to answer your questions on the admission process!
